

# AZERBAIJAN STATE AGRICULTURAL UNIVERSITY

**Name:** Dursun

**Surname:** Adigozelova

**Father's name:** Miri

**Date of birth:** 23. 01. 1957

**Work phone:** N/A

**Mob:** +055 682 19 57

**Email:** dursun.adigozalova @ mail.ru

**Faculty:** Veterinary medicine

**Department:** Anatomy, Pathology and Pathophysiology

## EDUCATION, SCIENTIFIC DEGREES AND SCIENTIFIC NAMES

In 1980 graduated from the Faculty of Biology of the Azerbaijan State University (now BSU).

In 1997, graduated from the Azerbaijan Scientific Research Institute of Silk.

In 1998, defended his dissertation on "Selection of productive mulberry silkworm hybrids for serial industrial feeding in the Republic of Azerbaijan" and was awarded the degree of Candidate of Agricultural Sciences (Doctor of Philosophy in Agrarian Sciences) in "Special zootechnics, technology of livestock production."

She has been an associate professor since 2004.

## EMPLOYMENT

From 2019 - present - Associate Professor of "Anatomy, Pathoanatomy and Pathophysiology" of the Azerbaijan State Agrarian University

2015-2018 - Associate Professor of "Pharmacy and BSE" at the Azerbaijan State Agrarian University

2011-2014 Head of the Department of Morphology, Hygiene and BSE of the Azerbaijan State Agrarian University

Since 2004 he has been an associate professor at the Department of Physiology, Zoohygiene and BSE of the Azerbaijan State Agrarian University.

Since 1996, he has been a senior lecturer at the Department of Zoology, Zoohygiene and BSE of the Azerbaijan State Agrarian University.

Since 1992, he has been an assistant at the Department of Zoology, Zoohygiene and BSE of the Azerbaijan State Agrarian University.

1986-1992 Laboratory assistant at the Department of Zoology, Zoohygiene and BSE of the Azerbaijan State Agrarian University

1980-1986 - teacher of biology and chemistry in Gadabay region

In 1975 he was a worker at the state farm named after "Paris Commune" in Gadabay region

## **RESEARCH AREA**

Silkworm breeding, silkworm

Some skinworms that damage silkworms, control measures, biology of silkworms and some skinworms

Influence of macro- and microecological factors on mulberry silkworm and its productivity, development of optimal nutritional norms of mulberry silkworm

## **PARTICIPATION IN INTERNATIONAL SEMINARS, SYMPOSIUMS AND CONFERENCES**

1998 - Seventh International Congress of the Azerbaijan Society of Geneticists and Breeders, Baku

2003 - First International Congress of the Azerbaijan Zoological Society, Baku

2003 - Ganja - Kars International Veterinary Symposium, Ganja

2004 - International Scientific Symposium dedicated to the 75th anniversary of ACTA, Ganja

2008 - USDA International Food Security Training, May 5-8, Ganja

2010 - International scientific-practical conference "Application of information technologies in the agrarian education system and forms of international cooperation", May 21-22, Ganja

2011 - International scientific-practical conference "Problems of development of education and science in the context of globalization", October 03-05, Ganja

2012 - International symposium "International trends in the renewal and development of education: price, value and quality in the credit system", November 23-24, Ganja

2014 -, Acreual problems and development prospects of the century in the context of globalization - International scientific-practical conference, Ganja

2015 - "Turkey's Nutrition and Lifelong Health Summit", May 20-23, 2015, Bilecik, Turkey

2017-The influence of bioecological factors on biological parameters of silkworm. 8th BACSA International Conference "Climate Changes and chemicals-the new sericulture challenges" "CLISER", Sheki, Azerbaijan, April 2nd-7th 2017, pp.182-183

## **SCIENTIFIC WORKS**

More than 135 articles, theses, curricula, methodical instructions, methodical aids, teaching aids, textbooks, monographs, recommendations, etc. is the author.

## **LANGUAGE SKILLS**
